

# Merry Christmas to All!

Christy Moves to Akron, Ohio as Pastor

## Ramsey Family Just Keeps Changing

- Christy returns to Akron, Ohio
- Bette Lynn featured on TV show House!
- Rachel joins the proletariat
- Robert gets band instrument

## Christy Now a Pastor in Akron, Ohio!

After 18 months as a computer salesperson, Christy has returned to ministry as installed pastor at Goodyear Heights Presbyterian Church in Akron, on the same street as his first childhood home. He is living in his parent's attic (he refers to it as the "penthouse suite") and coming home to Greensburg a

couple of days almost every week. Christy and Bette Lynn will have a long distance marriage until Robert graduates from High School in May 2007. (Christy is keeping a daily countdown!)

## Bette Lynn Gets Even Better! (How is that Possible?!)

Bette Lynn had surgery in January for a condition that almost stumped Dr. House in September. (*Acceptance* was the title.) Too bad, it wasn't a year earlier; it might have helped the diagnosis!

Once the adrenalin producing tumor was removed Bette Lynn has able

to calm her life down, and her diabetes disappeared. (It was caused by the tumor!)

She is now working nearly full-time in home health for the latest incarnation of area hospitals.

**"Merry Christmas from our family to yours! May the Christ Child visit your homes and hearts every day"**

Rachel (left) met friend Jenny Jorgenson in Akron this summer.

Spirited Robert at the High School field.

## Robert Spirited Soccer Player!

Speaking of Robert, our seventeen-year-old was in the school musical, "Anything Goes" as the drunk! We aren't sure we should be proud of the great job he did, including jumping ship!

Over the summer he went to Boy Scout camp and a church mission trip. He

lettered in soccer this fall winning the most team spirit award from his teammates

He is head equipment manager for the High School band, a section leader for the roadies. So he now has an instrument to play, the two-way radio.

Good sports Rachel and Robert make Advent Wreaths at Goodyear Heights Presbyterian Church in Akron with Dad.

## Rachel Tries Many Jobs— Sticks to College

Rachel, 21, had her first factory job experience this summer working packing glassware. We couldn't wait for her to get home from her other job at Dairy Queen! She brought home the mistakes! Yum.

She is the junior class president at Seton Hill University this year studying special education/elementary education while working as Resident Assistant.

Christy braved the reunion waters by going to his 25<sup>th</sup> college class reunion. Christy and Bette Lynn both graduated from Grove City College in Pennsylvania...we aren't saying Bette Lynn's year...
